Symbolism of Mor Pankh in Sai Baba Peace Awards

The Mor Pankh, or peacock feather, is not just an emblem — it is a profound symbol of spiritual wisdom, purity, and divine grace.

Echoing the essence of Lord Krishna, it represents the triumph of peace over chaos and beauty over darkness. A sign of protection and positive energy, it resonates with the mission of the Sai Baba Peace Awards — to honor those who bring light, harmony, and transformation to the world.

Its vibrant colors and delicate form mirror the soul of a peacemaker: resilient, radiant, and rooted in truth. The feather is a silent tribute to the extraordinary spirit of those who uplift humanity through compassion, courage, and inner strength.

Sai Baba Peace Awards movement started

The Legendary Beginning of the Baton of Unity

On October 15th, Aushim Khetarpal and a team of inspiring para-athletes ignited the Baton of Unity at Shirdi Airport and Shirdi Sansthan during Sai Sarvadharm Sambhav Divas. This historic ceremony, attended by over 1000 devotees and 500+ guests, marked the beginning of a global mission to spread Sai Baba's timeless message of Shraddha (faith) and Saburi (patience).

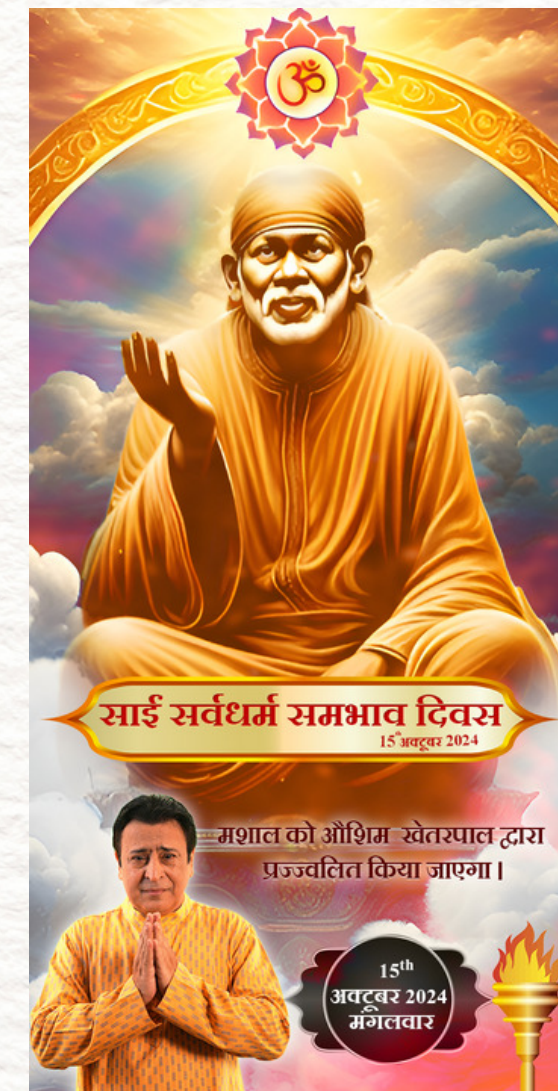

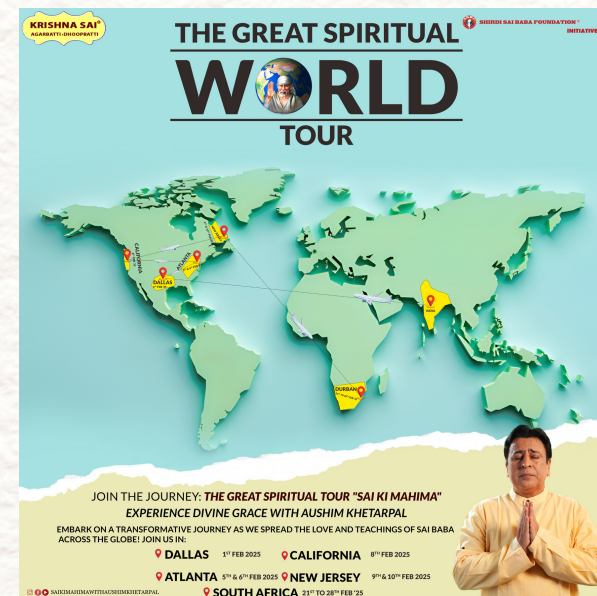

The event launched the Baton of Unity journey to Dallas, Atlanta, California, New Jersey, South Africa, Slovenia, Croatia, Serbia and Scotland spreading Sai Baba's values of love, equality, and unity across the world.

This powerful movement also laid the foundation for the Sai Baba Peace Awards, celebrating individuals and organizations making a meaningful impact on global peace.

Spreading Shraddha and Saburi: A Global Baton of Unity

The Sai Baba Peace Awards were established by the Shirdi Sai Baba Foundation (SSBF) to recognize exceptional individuals and organizations whose work embodies the core teachings of Shirdi Sai Baba — values that transcend borders and inspire millions worldwide.

The Founder's Vision – Aushim Khetarpal

- Transforming faith into humanitarian action.
- Reviving Sai Baba's message in modern media.

Director of “Sai Ki Mahima” World Tour.

THE VATICAN MOMENT: INDIA'S SPIRITUAL VOICE RISES ON THE WORLD STAGE

When Shri Aushim Khetarpal ji of the Shirdi Sai Baba Foundation stood at the Vatican's All-Faith gathering before His Holiness, it was not merely a visit — it was a moment when **Shirdi spoke to Rome, when Bharat embraced the world, and when Sai's eternal fragrance met the universal heart of Christ.** Before more than **6,000** seekers, as his words echoed — **“When I can change, you can change... when we can change, the world will change”** — it felt as though humanity itself paused to listen. Invited personally by His Holiness **Pope Leo XIV**, Aushim ji's presentation of the **Bhagavad Gita** and **Sai Satcharitra – The New Testament** became a symbolic coronation of India's spiritual depth on the global altar, a gesture that carried the soul of Sanatan Dharma into the sanctum of the West.

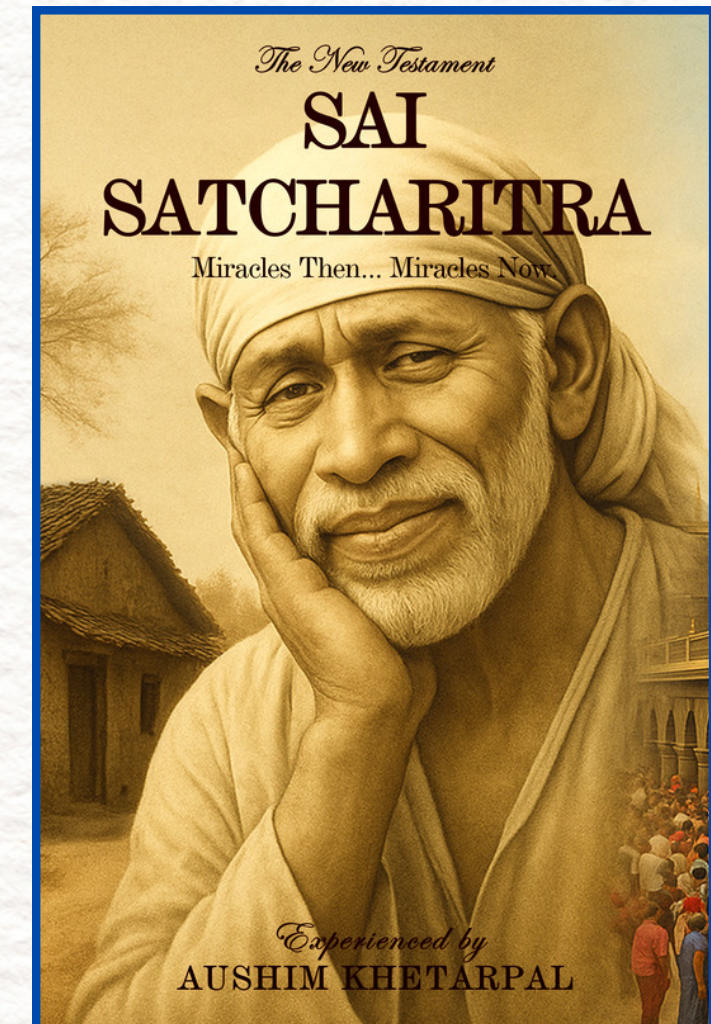

And when **“We The New World”** resonated through Paul VI Hall — performed with global artists Iulia Vantur, Vijay Yesudas and Jason “Poo Bear” Boyd — the air vibrated with Baba's timeless proclamation: **“Love All, Serve All, Help Ever, Hurt Never.”** For the first time, Rome celebrated Sai's universal message in a symphony of cultures, languages, and faiths, proving that spirituality is the world's common language. This historic Vatican moment has not only honored India — it has awakened a new global consciousness, one where interfaith **harmony, seva-based leadership, and universal brotherhood** stand as the pillars of tomorrow.

THE SAI SATCHARITRA LEGACY: FROM LEGENDS' RECOMMENDATIONS TO VATICAN BLESSINGS AND NOW THE PMO

The **Sai Satcharitra** has travelled through over a century — from **Hemadpant's** sacred diary to the hands of saints, scholars, and seekers — but today, its journey stands at a monumental cusp. With reverence and surrender at Sai Baba's lotus feet, **Shri Aushim Khetarpal** ji re-presented this granth as **Sai Satcharitra: The New Testament**, not as a new scripture, but as a living continuation of Baba's grace — bridging then and now, Shirdi and the world, tradition and the modern seeker. Endorsed, recommended, and blessed by spiritual legends and cultural torchbearers, the granth has now been offered at the Vatican itself — a gesture that illuminated the universality of Sai Baba's message.

And today, as this sacred work is humbly presented before the **Prime Minister's Office**, the circle feels complete. What was once gifted to saints, scholars, and the Vatican, now reaches India's highest office with the same intention — to serve, to uplift, and to unite. Every page whispers: **"I am merely the pen; He alone is the Hand."** Sai Satcharitra – The New Testament emerges not just as a spiritual text, but as **India's gift to global consciousness**, a testament of Sanatan compassion finding voice in the language of today.

THE SAI SATCHARITRA LEGACY: FROM LEGENDS' RECOMMENDATIONS TO VATICAN BLESSINGS AND NOW THE PMO

There are books that inform.

There are books that inspire.

And then there are books that shift consciousness.

“**Shirdi: Before & After 2000**” by **Shri Aushim Khetarpal ji** stands in the third category — a landmark, a spiritual chronicle, a timeless testament to how one sacred town became the heartbeat of global devotion.

This is not merely the story of Shirdi.

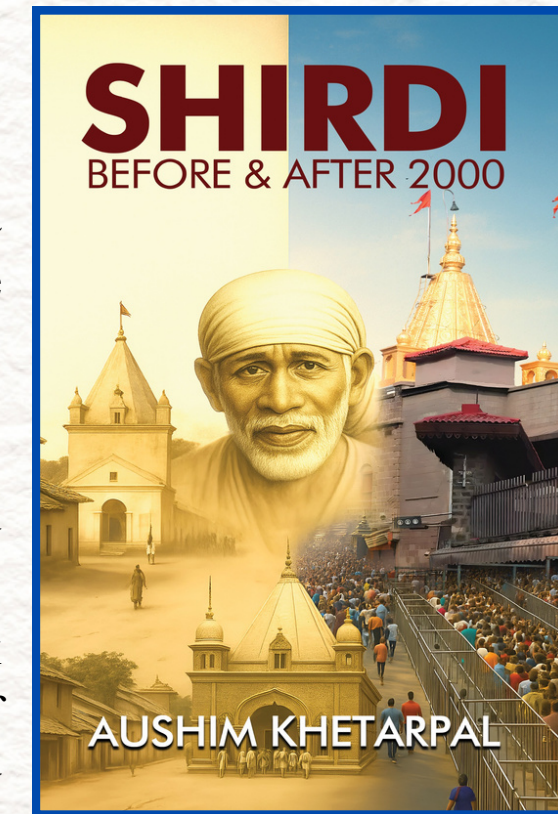

It is the story of **Bharat rediscovering its soul**, of millions finding their anchor in Sai Baba, and of how faith — when lived, walked, and served — can reshape destiny.

Authored by a man called by devotees across continents as “**The Messenger of Sai**”, this book captures the breathtaking transformation of Shirdi from a serene village into a world-magnet of miracles, healing, and spiritual awakening. But more than describing the change, it reveals why the change happened — and how it continues to unfold even today.

On 19th September 2025, history was not written — it was witnessed.

In Shirdi itself, where every grain of dust carries Sai Baba’s footprints, the book was launched amidst sacred chants, dharmic leaders, and the presence of:

- **Sri Ramgiri ji Maharaj**
- **Shri Goraksha Gadilkar, Hon’ble CEO, Shirdi Sansthan Pune**
- **Esteemed ministers**
- **Guardians of Sai tradition**

THE NATIONAL PRESS CLUB ADDRESS: A VOICE OF PEACE AMID THE WORLD'S MOST INFLUENTIAL PODIUMS

From the legendary stage of the **National Press Club, Washington D.C.** — where JFK, Mandela and Nehru once shaped global narratives — **Shri Aushim Khetarpal ji** delivered a message not of politics, but of peace, Shraddha, Saburi, and humanity. Invited during his historic **U.S. Peace Tour**, his interviews with international journalists, including NPC Secretary Prumram Sharma, explored the birth of the **Sai Baba Peace Awards**, the journey of the **Ekta Ki Mashaal** — the **Baton of Unity** — and the urgent relevance of Sai Baba's message in a divided world. Soft-spoken yet powerful, his words transformed the room into a sanctum of reflection, reminding global leaders that transformation begins not in corridors of power, but in the quiet awakening of the soul.

The upcoming podcast series, captured with authenticity and heartfelt sincerity, is not merely media — it is a **movement**, a call for global consciousness to return to compassion, equality, and seva. Dignitaries, peacekeepers, cultural icons, and social reformers gathered under one roof, united by a simple **truth: faith** can be diplomacy, and spirituality can be the

world's strongest bridge. As the world awaits the podcast release, one question lingers in the global mind: **Can Sai Baba's message become the anthem of a fragmented world?** The answer lives in every word spoken — and in every heart it touches.

Purpose of the Awards

**Bridging spiritual values
with humanitarian
leadership.**

**To uplift global
champions of peace
and compassion**

**Creating a living
legacy of service and
harmony.**

Purpose of the Awards

Bridging spiritual values with humanitarian leadership.

When Aushim Khetarpal met Ela Gandhi, it ignited a powerful fusion of Sai Baba's spiritual vision with Gandhian peace values, carrying the Baton of Unity from Shirdi to South Africa and beyond. One mission, many lands—peace without borders, unity through every soul.

To uplift global champions of peace and compassion.

From Shirdi's sacred flame to Mandela's cell and Gandhi's path, the Baton of Unity carried Sai Baba's message of faith, peace, and compassion. A powerful tribute to legacies that changed the world—one soul, one truth, one humanity.

Creating a living legacy of service and harmony.

From the sacred soil of Shirdi to the global stage in Atlanta, the Baton of Unity carried Sai Baba's message of Shraddha, Saburi, and Peace. Honoured by the Indian Consulate, Aushim Khetarpal's journey lit the path for Global Champions of Compassion. One Light. One World. One Humanity.

☀️ How It All Began... ☀️

The journey of the Sai Baba Peace Awards began with a moment etched in both sports and spiritual history. It was during a prestigious event in Kolkata, graced by the presence of Smt. Mamata Banerjee, Hon'ble Chief Minister of West Bengal, that the vision took shape.

In a ceremony filled with divine purpose, the very first Sai Baba Peace Award was presented to Tennis Legend Martina Navratilova — a symbol of excellence, resilience, and peace through sport. This historic honor was bestowed by the revered Aushim Khetarpal, whose spiritual dedication and divine inspiration from Sai Baba laid the foundation for this unique tribute to global icons of peace and humanity.

The event was further illuminated by the presence of India's tennis pride — Mahesh Bhupathi and Leander Paes, who together represented the spirit of sportsmanship and unity the award seeks to celebrate.

Thus began a sacred tradition — where greatness meets grace, and peace finds its champions.
